The screenshot shows a three-step onboarding process: 'About You', 'Company Info', and 'Access'. The 'About You' step is active, indicated by a green circle. Below the progress bar is a button labeled '< Choose a different product'. The main heading is 'Tell us about you'. The first question is 'What do you primarily plan to use Fusion 360 for?' with a dropdown menu set to 'Mechanical Engineering'. The second question is 'What is your primary design and manufacturing software solution?' with a dropdown menu set to 'Not done in house'. At the bottom, there are 'Cancel' and 'Next' buttons, and a text indicator 'Next Page: Company Info'.
